# MOUNTAINFILM **ON TOUR**

---

## SAN ANTONIO

The **San Antonio River Foundation** invites you to Confluence Park on the evening of Thursday, October 3rd from 6:30-9:30pm for Mountainfilm on Tour- San Antonio. Come view culturally rich, adventure-packed and inspiring documentary films. Paired with delightful morsels and libations, Mountainfilm on Tour- San Antonio will galvanize stewardship and awaken your love of nature. All proceeds benefit the San Antonio River Foundation's vision to inspire stewardship.

### WHO WE ARE

The River Foundation is the 501(c)3 nonprofit partner to the San Antonio River Authority. Established to provide amenities and enhancements along the San Antonio River and its tributaries not funded by public monies, the River Foundation invests in and manages public projects that provide opportunities for residents and tourists alike to enjoy the river's natural beauty, immerse themselves in its history and become thoughtful stewards of its future.

### WHAT WE DO

The River Foundation creates unprecedented opportunities for vibrant cultural, educational, ecological and recreational experiences along the river by commissioning, funding and managing exciting urban art projects, amenities and Confluence Park, winner of the American Institute of Architects' 2019 Honor Award.

### OUR IMPACT

Since 2003, the River Foundation has privately raised and reinvested over \$38 million in enhancing the San Antonio River. Our project partners, the San Antonio River Authority, Bexar County, City of San Antonio and U.S. Army Corps of Engineers, have invested over \$384 million in river improvements for our community. Together, our investments have added over \$2 billion in economic impact through adjacent private investment and development.

In its first year, Confluence Park served over 14,000 program attendees and students, transforming the area into a community hub that celebrates environmental stewardship.
