SAN ANTONIO RIVER AUTHORITY

WILD & SCENIC[®] FILM FESTIVAL

where activism gets inspired

FILM FESTIVAL

The San Antonio River Foundation and the San Antonio River Authority invite you to **Confluence Park** on **Saturday, September 30th, 2023, from 7:30 pm-9:30 pm** for the **Wild & Scenic Film Festival**. With inspiring films, tasty bites and refreshing libations, the Wild & Scenic Film Festival will awaken your love for nature.

The Wild & Scenic Film Festival shows environmental and adventure films that illustrate the Earth's beauty, the challenges facing our planet, and the work communities are doing to protect the environment. Started in 2003, the annual Film Festival in Nevada City, California, is a gathering for filmmakers and environmentalists from around the world.

WHO WE ARE

The San Antonio River Foundation is the 501(c)(3) nonprofit partner of the San Antonio River Authority, established to provide amenities and enhancements along the San Antonio River and its tributaries not funded by public monies. The River Foundation invests in and manages public projects that provide opportunities for residents and tourists to enjoy the river's natural beauty, immerse themselves in its history and become thoughtful stewards of its future.

WHAT WE DO

The River Foundation creates unprecedented opportunities to enjoy and learn more about our river through free public programming and educational field trips at Confluence Park, numerous recreational experiences along and on, the river, and funding and installing exciting urban art projects by renowned regional, national, and international artists. The River Foundation helps the citizens of San Antonio, and its visitors become more thoughtful stewards of the land and water resources of the San Antonio River Basin.

VENUE

Confluence Park is a landmark project where art and science meet. The park provides an opportunity for a confluence of citizens, cultures, identities, and all walks of life to come together to better steward their relationship to their resources and their environment.

Since its inception in 2018, Confluence Park has served more than 88,000 program attendees and students, transforming the area into a community hub that celebrates environmental stewardship. Additionally, Confluence Park was awarded the American Institute of Architecture 2019 Honor Award and a 2023 COTE Top Ten Award for Sustainable Design.
